Transitioning to ICD-10: An ASC Coders Guide

On October 1, 2013, the United States Department of Health and Human Services has mandated the current ICD-9 code sets be replaced by ICD-10 code sets. This implementation will dramatically change the way coding is done. mdStrategies will instruct you on the foundations of ICD-10, difference between ICD-9 and ICD-10, and how these changes will effect Ambulatory Surgery Centers. Visit www.mdstrategies.com for a detailed description of each webinar.

All calls will take place from 1pm to 2pm Central Time

Mark each Webinar you are registering for:

Because the CEU approval process may not be completed until shortly before the webinar, you should contact an mdStrategies representative prior to signing up for any webinars. It is our intent to offer two continuing education units (CEU) for each session attended, one for attending and one for passing a short quiz. Several days before each webinar, study materials will be available for download through the mdStrategies Training System.

AVAILABLE ON DEMAND
Can't attend the live webinar? Each mdStrategies Webinar is available On Demand for your convenience.
