mdStrategies

The Anatomy of Coding Webinar Series

mdStrategies understands the daily questions that can arise when abstracting critical information from an operative or procedural note. Our instructors have tailored the ambulatory surgery center (ASC) specific coding topics to deal with these complicated issues. Each installment will focus on a particular anatomical site to help navigate you through the difficult coding pitfalls and simplify your work.

Ambulatory Surgery Center (ASC) Coding Webinar Schedule
All calls will take place from 1pm to 2pm Central Time

Mark each session you want to register for:

____ March 18, 2010	Hands & Wrists
____ April 15, 2010	Pain Management
____ May 20, 2010	Urology
____ June 17, 2010	Feet & Ankles

This program has prior approval by the American Academy of Professional Coders for continuing education hours. Granting of prior approval in no way constitutes endorsement by AAPC of the program content or the program sponsor.

Each Webinar is $159, if you purchase 3 or more, the price is $129 each, or purchase an annual subscription for only $99 per month.

You will receive two continuing education units (CEU) for each session attended. After registering, study materials will be emailed to you regarding the specific webinar.

Paul Cadorette, CPC, CPC-H, CPC-P, CEDC, COSC, CASCC Director of Education
Paul has obtained a high level of coding expertise through extensive research and experience within the ASC community. Paul's background includes transitioning a major healthcare company to a home based coding system where he supervised the coding for fifteen ASCs. Paul also oversees mdStrategies internal coding audit function in order to comply with CMS and AMA guidelines. Currently as Director of Education for mdStrategies, Paul develops training materials and conducts educational inservices across the country.
