mdStrategies

Webinars on Demand

mdStrategies understands the daily questions that can arise when abstracting critical information from an operative or procedural note. Our instructors have tailored the ambulatory surgery center (ASC) specific coding topics to deal with these complicated issues. Each installment will focus on a particular anatomical site to help navigate you through the difficult coding pitfalls and simplify your work.

Each webinar is $99 per person.

Mark each session you want to register for:

____ General Surgery & Plastics

____ 2010 CPT Changes

____ Ophthalmology

____ Hands & Wrists

____ Pain Management

AAPC American Academy of Professional Coders

CEU APPROVED

This program has prior approval by the American Academy of Professional Coders for continuing education hours. Granting of prior approval in no way constitutes endorsement by AAPC of the program content or the program sponsor.

You will receive two continuing education units (CEU) for each session attended, one for attending and one for passing the post webinar quiz. After registering, you will receive a login and password to the mdStrategies webinar system, where you will be able to download course materials and the audio file.

Paul Cadorette, CPC, CPC-H, CPC-P, CEDC, COSC, CASCC Director of Education
Paul has obtained a high level of coding expertise through extensive research and experience within the ASC community. Paul's background includes transitioning a major healthcare company to a home based coding system where he supervised the coding for fifteen ASCs. Paul also oversees mdStrategies internal coding audit function in order to comply with CMS and AMA guidelines. Currently as Director of Education for mdStrategies, Paul develops training materials and conducts educational inservices across the country.
